Observation Sheet: PAC-U and PAC-R

Programming Stage: PAC-U

Precision:

☐ 3 The user programmed the task without any issues.

☐ 2 The user programmed the task with trial and error.

☐ 1 The user programmed the task with one hint.

☐ 0 The user programmed the task with permanent support.

Completeness:

☐ 2 The task has been completed.

☐ 1 The task has been partially completed.

☐ 0 The task has not been completed.

Execution Stage: PAC-R

Precision:

☐ 3 The robot solved the task without any issues.

☐ 2 The robot solved the task with a single intervention of the interviewer.

☐ 1 The robot solved the task with multiple interventions of the interviewer.

☐ 0 The robot was not able to solve the task, even with interventions of the interviewer.

Completeness:

☐ 2 The task has been completed.

☐ 1 The task has been partially completed.

☐ 0 The task has not been completed.
